

# The Power of de Bono's Lateral Thinking

indigo

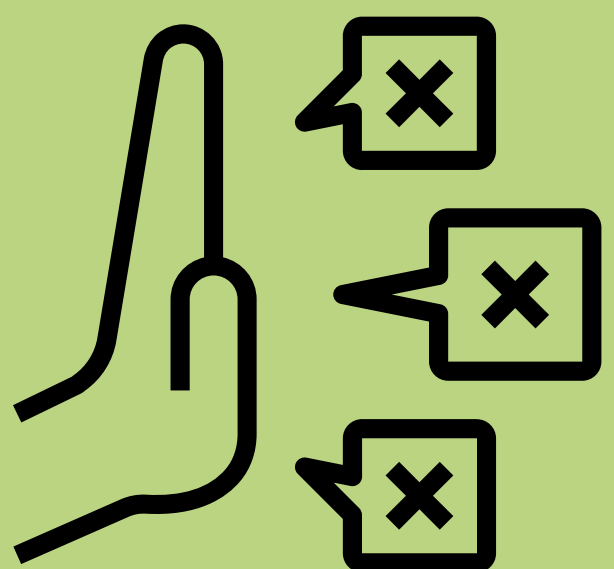

**Struggling to generate fresh ideas and keep up with market changes?**

Lateral Thinking encourages unconventional brainstorming techniques, to spark innovation and breakthrough ideas

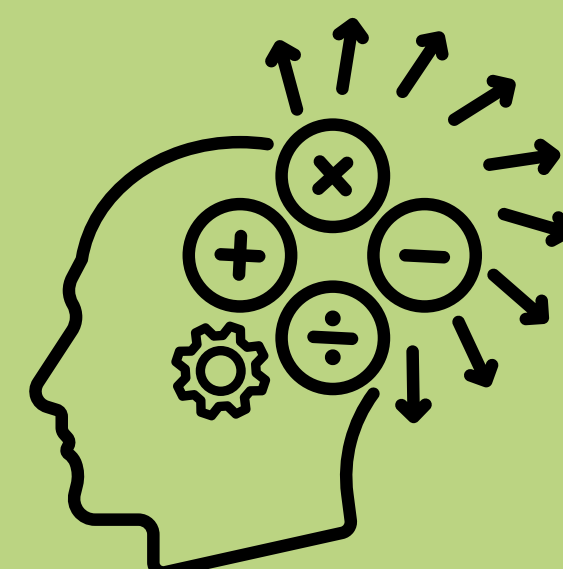

**Relying on traditional thinking methods that fail to resolve complex problems?**

Lateral Thinking introduces new perspectives, helping teams find alternative and effective solutions

**Employees resisting new strategies due to habitual thinking?**

Lateral Thinking promotes a flexible mindset, making change feel like an opportunity rather than a threat

**Leaders struggling to make effective decisions in high-stakes situations?**

Lateral Thinking encourages creative evaluation of multiple options, instead of defaulting to the most obvious choice

**Teams working in isolation, causing miscommunication and fewer new ideas?**

Lateral Thinking breaks down barriers by fostering diverse perspectives and idea-sharing

**Struggling to differentiate the business in a saturated market?**

Lateral Thinking helps organisations rethink their products, services and strategies to stand out uniquely

**Employees uninspired and lacking motivation to contribute new ideas?**

Lateral Thinking creates a culture of curiosity and innovation, making work more engaging and dynamic

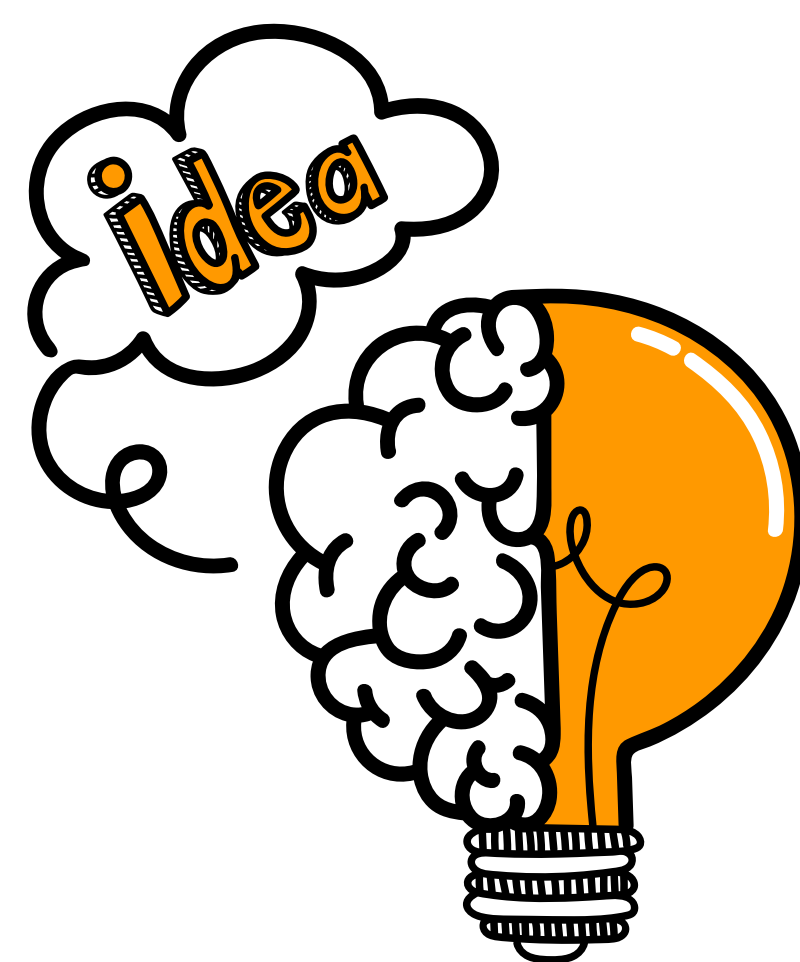

**Missing out on growth by relying only on traditional data?**

Lateral Thinking encourages exploration of unexpected connections and new possibilities
