Running projects alongside your day job. You can do more with less.

indigo

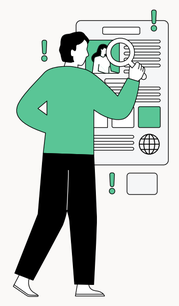
When you're:

Under pressure with your day job

Co-ordinating colleagues

Managing expectations

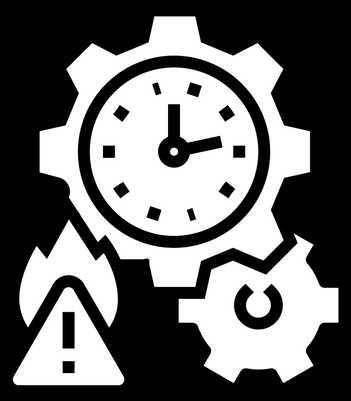
Balancing competing priorities



Delivering results under scrutiny

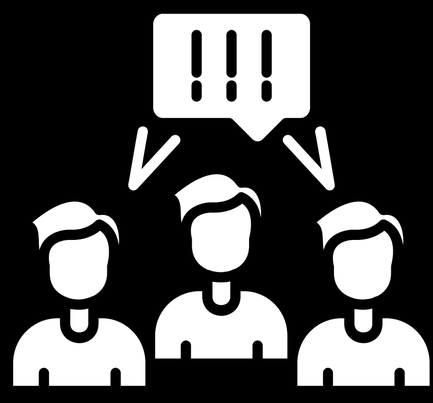
With resources tight and expectations high, projects quickly run into challenges, making delivery harder:

Key people are overloaded or not available



Timelines are tight but the scope hasn't changed

Risks aren't spotted until they become problems



Stakeholders expect progress but priorities keep shifting

Success isn't about doing more work; it's about having a clear, structured approach that keeps your project manageable and on track.

The Project Management Survival Guide™ helps you to:

Adopt agile ways of working and realistic planning

Manage risks and changing priorities

Keep stakeholders aligned and informed

Put simple governance in place to keeps projects moving
